Advantages

- # all blinds operate bottom up and top down at no extra charge
- # the blinds are only 1 inch in depth and perfect for any inside mount installation
- # no fixed top rail allows for installation in a depth as narrow as 1/2 inch
- # no pull strings to operate the blinds
- # integrated magnets on the top rail for a snug fit
- # no strings across your glass give you unobstructed views
- # rails are available in different finishes
- # custom made to 1/8 inch in size
